EDUCATION

B Tech in Artificial Intelligence and Data science, Arjun College of Technology, Coimbatore   : 75%

(Affiliate to Anna University)

TECHNICAL SKILLS

Languages	JavaScript, HTML, CSS, Node.js
Databases	SQL (Basics)
Developer Tools	Dbeaver**,** Git, GitHub, Postman
Frameworks	React (Basics)

EXPERIENCE

Web Development Intern   Feb 2025 - Nov 2025

Octosol   *Remote*

- Contributed to the development of **Octomine**, a dashboard-based web application for visualizing business data aggregated from platforms like **Shopify**, **Shop line** and others.
- Built and integrated responsive frontend components, ensuring a clean and intuitive user experience.

Data Science Intern   Mar 2024 - April 2024

Krish Private Ltd   *Coimbatore, India*

- Applied statistical, computational, and machine learning techniques to analyze and interpret complex datasets, delivering actionable insights.

PROJECTS

Personal Portfolio Website (HTML, CSS, Java script)

- Designed and developed a fully responsive personal portfolio to showcase projects, skills, and experience.
- Built with Java script and styled using **HTML, CSS** for a clean, modern UI.
- Optimized for performance, accessibility, and mobile responsiveness.

Weather Forecast App (JavaScript, CSS3, Chart.js, Open Weather API)

- Implemented interactive weather charts and location-based search with autocomplete.
- Developed a responsive web application that provides real-time weather updates and 7-day forecasts using the Open Weather API.
- Designed smooth animations and transitions for an intuitive user experience across all devices.

Student Info Management System (HTML, CSS, JavaScript, Node.js, Firebase)

- Implemented student registration, profile management, and data validation features.
- Built RESTful API endpoints using Node.js and stored data securely in Firebase.
- Designed a responsive and user-friendly interface for efficient information management.
- Developed a full-stack web application to manage student records with complete CRUD functionality.
